About the Book: When James washes up on the shores of Mons Adanek, he can't remember anything. Soon he is found by J'hon, a peaceful painter, who takes him in. James discovers he has combat skills and immense strength. Without a clue as to who he was, can James ever go back to where he came from?

Fenn has always been an outcast. He has always been intelligent, calm, and kind, attributes that gained him no favors in the harsh country of Trollada. Despite these things, he has managed to become a guard in the dungeon under the Troll King's castle, a prestigious position. When a human man is captured and put under his guard, the human asks for Fenn's help. Will Fenn embrace a life outside of Trollada fighting for the greater good?
